To Whom It May Concern,

Re: PhD Opportunities at Oxford University Clinical Research Unit Viet Nam

The Oxford University Clinical Research Unit Viet Nam (OUCRU-VN) is an internationally funded research organisation based at the Hospital for Tropical Diseases in Ho Chi Minh City and Ha Noi, which conducts clinical and laboratory based research on tropical infectious diseases. OUCRU-VN has a strong emphasis on training and every year we offer fellowships for students to undertake international PhDs based in HCMC or Hanoi and registered at a university in the UK. We are currently advertising 05 PhDs projects for students to start from January 2015. Details of the projects can be found on our website – latest news: <http://www.oucru.org/>

The application deadline for these available projects is 15th September 2014 (Jan 2015 registration). The application form can be downloaded from: <http://www.oucru.org/higher-degree-training/>

We welcome applicants from your institution for the PhD fellowships in 2014 and for other training opportunities as well. We would be very grateful if you would distribute the attached flyer to the relevant science departments and bring your students' notice to these adverts.

Please do not hesitate to contact us for further information regarding the PhD fellowship programme. If you would like printed copies of this poster to display at your institution please send us your address.

Best wishes,

Mary Chambers, PhD
Director of Training & Public Engagement
